The ECL-V600 is an advanced indoor video door phone station designed for use with one or two outdoor doorbell/camera units. Users can see who is ringing the doorbell and talk with them, and control the door or gate lock associated with the calling unit. The ECL-V600 has a full color TFT LCD screen for sharp and responsive color video display. Easy to clean, designer black flat panel acrylic construction. Built-in speaker and microphone for two-way communication. Easy to reach touch-panel style controls on the front of the unit. **Compatible Video Doorbell/Gate Cameras** The ECL-V600 does not include a camera. We recommend using either the ECL-VB1T (black-and-white), the ECL-VC1T (color), or the ECL-VC2 (color with nighttime illumination LEDs). 7" color LCD screen Display resolution: >400 lines Built-in microphone for 2-way communication Monitor caller/mute caller Unlock button Do Not Disturb function Selection of doorbell chimes Slim design, easy to hang and install - only 4 wires to connect Auxiliary inputs for connection to radio or television Visitor calls transferable to telephone Supports call transfer to other indoor video door phones (if present) Image capture mode Inter talk with other monitor locations Power: 16-18VDC (power adapter not included) Dimensions: 8.27" x 6.26" x 0.83" Doorbell/gate cameras not included
