The metal cabinet can be locked and has marked knockouts for customization. **Regulated 12V Security Camera Power** This 4-channel DC power supply plugs into a standard North American 110/120VAC wall outlet. It is designed for permanent installation. Maximum power (current) draw is 4 amps, measured as a sum of all 4 channels. A pot. is available so the user can fine-tune the output voltage (in a range of 11-14VDC, typical).

TCL-PS4DCBAT 12VDC Camera Power Supply with Battery Backup

Contains an internal battery and charge circuitry that will power your cameras in the event of a power failure. NOTE: Powering DVRs and other equipment may require additional consideration. Check with the surveillance network manager of the site. UL #E316342 Regulated 12VDC outputs Each output individually fused LED indicator Requires 110/120VAC source Max. current: 4 amps Adjustment pot. on board for fine tuning voltage output. Dimensions: 247.65mm x 95.25mm x 206.38mm (9.75" x 3.75" x 8.125") For critical applications ask for ECL-PS4DCB, the same 12VDC power supply with a built-in battery backup system.
